TAIL BLOCKING CHARGES (PRINTING ON TAILS)

Blocking on tails: setting charge	£0.68
Printing per tail up to 500mm.	£0.20
Printing per tail 500mm +	£0.40

Printing can only be done onto our single sided polyester satin
(blocking does not include the cost of the ribbon for tails)

WORKING OUT THE AMOUNT OF RIBBON YOU NEED

Example: you need 120 oval single tier rosettes in box 3 pleat. This would be the tier 1, look along the OVALS table in row 1. Under the column "pleat pattern Box 3" you will see that the figure 1251 is shown. (this is the number of millimetres of flat ribbon needed before pleating) Multiply this by the number of rosettes you need i.e 1251 x 120 rosettes = 150 metres of flat ribbon to be ordered.

ROUND ROSETTES

Tier (working from the outside)	Shape of the rosette	Pleat pattern KNIFE 1	Pleat Pattern Box 2	Pleat pattern Box 3
4	Round	1165	1065	1869
3	Round	924	882	1533
2	Round	754	829	1191
1 (inner)	Round	504	493	830

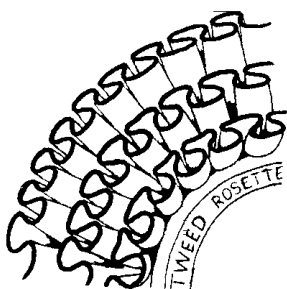

OVAL ROSETTES

Tier (working from the outside)	Shape of the rosette	Pleat pattern KNIFE 1	Pleat Pattern Box 2	Pleat pattern Box 3
4	Oval	1300	1541	2188
3	Oval	1210	1321	1876
2	Oval	1008	1101	1563
1 (inner)	Oval	806	808	1251

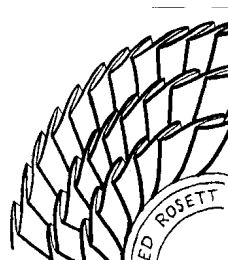

These figures are **approximate**. There can be slight variation in the yield of the pleated ribbon depending on the stiffness of the fabric. This is for our 'normal ' pleat style. We can pleat tighter or slacker as you wish. **You must allow for extra length if you have your ribbon pleated tighter.**

PLEAT RATIOS

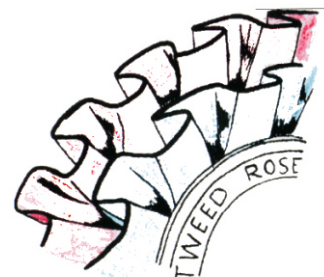

- Knife pleat** **3.36m of flat ribbon yields approximately 1m of pleated.**
- Box 2 pleat** **3.47m of flat ribbon yields approximately 1m of pleated.**
- Box 3 pleat** **5.70m of flat ribbon yields approximately 1m of pleated.**

FORMERS FOR FAST PRODUCTION

These formers are the key to a very fast production of glued rosettes. They also give a consistently high quality result. Ideal to lend to outworkers. Best used with a turntable , an old record player or cake icing table is ideal. A sewing guide is not used, which cuts the unit cost and they quickly pay for themselves. Made in solid brass. To see how the formers work for yourself we have a video on utube www.youtube.com/user/TRSRibbons1/videos.

SETTING CHARGES FOR STANDARD HOTFOILED CENTRE BOARDS

A setting charge of 99p is payable every time we make a change of the lettering round the outside of the centre board. A charge of 49p is payable for each change of placing after the first, eg centre is set with "EXCELLENT FOR CENTRES" and 1st as motif. The total charge for this setting is 99p. Changes to the placing in the centre, say from 2nd to 6th place would attract a charge of 49p each.

The placing or motif can be changed for 49p. It is cheaper to put the placings in the centre than on the edge. Some motifs are available in smaller sizes which will allow the placing to be mounted under the motif in the centre.

Any change to the wording around the edge will attract a 99p setting charge. This includes changing a placing which is set in type on the edge.

We cannot set type for printing wording into the inner circle of a centre board.

This requires a motif block to be made. We have a large selection of the most common wordings. Full list can be found on our website under useful links.

CENTRE BOARDS PRINTED TO YOUR REQUIREMENTS

50mm round each	£0.17
58mm/68mm round each	£0.19
Oval round each	£0.22

All plus setting charge of 99p for setting round the circumference of the die block (per every change of type)

Change of motif in the centre of the die within a type setting49p

Centre boards, Gold/silver Metallic add 0.05p to above prices.

STOCK CENTRES

No typesetting involved. You may have any placing (1st-10th) or any motif from the standard list in this book printed without a setting charge, subject to a minimum of 20 centres per placing being ordered.

LOGOS AND SPECIAL MOTIFS

Logos and special motifs need a metal printing block to be made. Artwork charges for scanning and retouching and production of camera ready artwork will be made. Minimum charge for a block is £17.00 Quote your customers a minimum of £28.00 for club logos etc.

We need good quality artwork to send to the platemakers, Always ask your customer if they have camera ready artwork if they do not ask for a high resolution file. You can tell the quality by zooming in on the image provided if it is very pixilated & any text is blurred this will result in very poor printing results.

SHIELD BADGES

Shapes available rounded, Sharp, & octagon. Shield shapes can be cut with or without a hole for lapel cord. Prices as per 68mm centre boards for rounded and sharp, Prices as per oval centre boards for octagon and rosette shape.

TICKET BOARD WILL BE CUT IN HALF TO REDUCE CARRIAGE CHARGES. FULL BOARDS CAN BE SUPPLIED BUT A SUPPLEMENT WILL BE CHARGED FOR CARRIAGE. PLEASE STATE CLEARLY ON YOUR ORDER IF YOU REQUIRE FULL BOARDS.

We print ticket board for you in full sheet size. The print method we use is screen printing. This is done in our workshop which does not have the 'clean room' conditions that commercial printers use. Atmospheric dust, and minor glitches can leave marks on the board. We do our best to minimize these, but for our purposes the boards are usually being cut down to size and used for rosette centres. Minor defects are worked around. If you buy the boards it is on the understanding that the boards are not perfect.

CONICAL ROSETTES

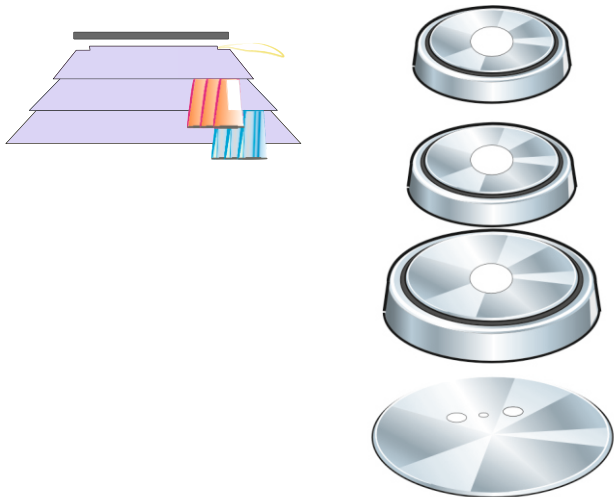

Our design comes in 4 parts which are assembled easily using a little hot melt glue. To get the best effect of the raised tiers, three tiers are used. A single or two tier rosette can be made. To compensate for the angle a 58mm centre board is used with the two tiers, or a 68mm with the single tier. The plastic mouldings are light and when assembled leave a small ridge which makes it easy to glue the tiers of ribbon on in a straight line.

ROUND LABELS

51mm round labels 15 up on an A4 sheet to allow you to print in colour on an inkjet printer. You can scan in a club logo and print the details in glorious technicolour. These labels fit over the standard centre board. Clear adhesive cut outs the same size are available to laminate the labels and give a very professional shiny finish.

This is very useful for “last minute” centres.

Per 10 sheets of 15 labels.	£2.39
Self adhesive clear glossy covers, per 150	£6.36

Print multi colour centres on an ink jet printer.
The glossy cover intensifies the colour.

GIANT ROSETTE

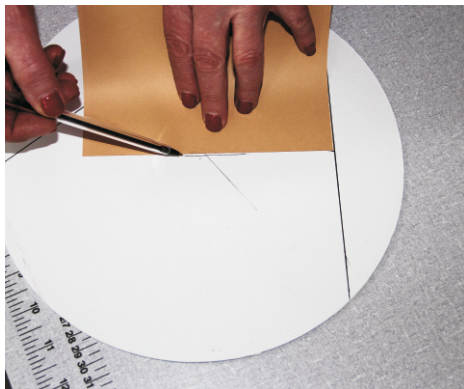

"My customer wants a very large rosette" this is something we hear very frequently, so I thought I would run through a 'Blue Peter' type of assembly. The picture shows one we made earlier this week. The selling price was £48.00 + VAT. It took about 1.5 hours to make.

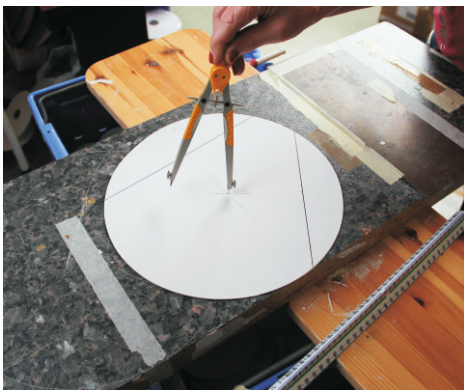

Use a round template the size you want. A plate is ideal as it keeps your fingers away from the knife. Cut out the card.

You need to find the centre. Draw any two lines across the circle. Carefully mark the middle of each line. (If you paid attention during geometry lessons you will know this trick)

Using a piece of card place it along the line, and stop at the mark you made for the middle. Draw a line through the centre of the circle. Do this for both lines.

Where the two lines cross is the centre of the circle. You can now draw on the circles for the number of tiers of ribbon you are going to use.

Glue on your ribbon as usual

Using a smaller circle template cut out your centre board

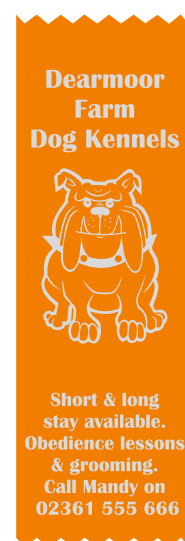

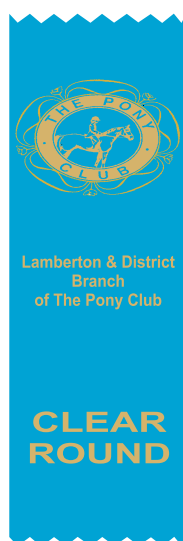

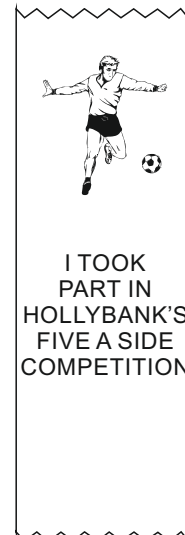

We printed the centre on an inkjet and cut it out. Glue it on using a pritt stick glue.

Using a craft knife can be dangerous. Take precautions to stop any items slipping, and make sure you do not cut through the card and damage a table top.

RIBBON AWARDS

Ribbon awards make a great alternative to rosettes or trophies. Great for children's participation awards at school sports days, low cost swimming awards, Bookmarks for club fundraising. "I can trot/jump/canter" awards for riding school. The list is endless.

PRINTING FOILS

Gold & silver foil

“Own brand” gold foil for printing machines. Freely releasing for tails & centres. 1000ft rolls this is 5 times longer than a standard 200ft roll. To compare the price with other foil, divide the price by 5. Super value for money on an industrial size roll. You pay others to rewind down to “retail” size rolls. Examples but we can cut any width to your requirements.

55mm wide roll	£23.67
75mm wide roll	£32.28
80mm wide roll	£34.44
100mm wide roll	£43.05

NAKAI/SANYO BRAND

If quality is your aim, this foil gives supreme results and dramatically reduces rejects. This foil prints with ease on ribbons and centre boards. This is expensive but the print rejects are very few, and the quality of the printing shows. Particularly good on pastel shades of ribbon. The colouring is very dense and there is no “show through” 1000ft rolls. You get what you pay for.

Available in Gold, Silver, Red, Blue, Copper, Purple, Black & Cream.

Examples but we can cut any width to your requirements.

55mm wide roll	£40.42
75mm wide roll	£55.15
80mm wide roll	£58.80
100mm wide roll	£73.50

If your printing is a bit “iffy” at times try this, it really helps when you are learning the techniques of hot foiling.

CONDITIONS OF SALE

No order of the customer placed with TRS Ribbons Ltd or Tweed Rosette Supplies (hereinafter called the Company) (whether in response to a quotation or not) shall be binding on the Company unless and until it is accepted by the Company in writing. The Company shall not be obliged to accept cancellation of accepted orders and may require payment of a cancellation charge before accepting any cancellation.

Any contract made between the Company and the Customer (hereinafter called 'the Contract') shall incorporate and be subject to these Conditions; any other terms which the Customer shall seek to incorporate into the Contract are hereby expressly excluded.

All the terms of the Contract shall be those contained expressly or by reference in the Company's acceptance of order and any representations or warranty whether written or oral made or given prior to the date of the Contract is expressly excluded. By placing an order you agree to be bound by our Terms & Conditions of Sale. All goods are dispatched subject to the Courier's Terms & Conditions of Carriage.

Price and Payment Terms

- a). The price of the Goods shall be as set out in the Company's price list or invoice but the Company reserves the right at its option to charge or credit to the Buyer the amount of any error or omission in the price as so set out.
- b). The Buyer agrees that the Company shall have the right at any time before delivery of the Goods to withdraw any discount and/or to revise any prices quoted if, after the company's acceptance of the order, (1) there is an increase or decrease in the company's generally accepted applicable prices for such (or similar) Goods, or (2) there is an increase or decrease in the cost to the Company of supplying the Goods whether by reason of exchange rate fluctuations, third party changes or otherwise.
- (c) Unless otherwise specified, VAT or other duties or taxes payable by the Buyer shall be added to the price.

Delivery Dates

The Company intends to use its best endeavours to comply with any date or dates for despatch or delivery of the Goods stated in the Contract but unless the Contract expressly otherwise provides, time shall not be of the essence of the Contract and such date or dates shall constitute only statements of expectation and shall not be binding. If notwithstanding that the Company has used its best endeavours it fails to despatch or deliver the Goods by such date or dates, such failure shall not constitute a breach of the Contract and the Customer shall not be entitled to treat the Contract as thereby repudiated or to rescind it or any related Contract in whole or in part or to claim compensation for such failure. Every personalised product has an estimated despatch and delivery time, these are estimated and we hold no responsibility that at times these may vary due to peak season sales or due to unforeseen circumstances. We will not be held responsible for any delays in delivery caused by a third party.

Quality, Quantity and Fitness

Unless exact quantities are specified in the Company's acceptance of order, orders shall be regarded as completed notwithstanding a deficiency or surplus in quantity of not more than 10 percent and the Company reserves the right to adjust price accordingly.

The company reserves the right to make partial deliveries. Goods in each delivery or part delivery shall be considered sold under separate contract which may be invoiced separately. Neither any non-delivery, or shortages in delivery nor any claim by the Buyer in respect of any delivery or part delivery shall entitle the Buyer to reject any other Goods.

Every effort is made to ensure sound material and good workmanship, but all warranties and conditions express or implied as to materials or workmanship, or the merchantability or fitness of Goods for any particular purpose, whether such purpose be known to the seller or not, are excluded. In the event of any Goods proving defective however, the Seller is prepared at its sole option either:-

- a). To replace such materials free of charge, at the place of delivery and in the condition originally specified, or
- b) refund to the Buyer the contract price of such Goods, if required to do so, within a reasonable time, but not more than 12 months from the date of delivery. Any liability is limited to such replacement or refund and does not extend to any other expenditure incurred or to any consequential damages. For this warranty to apply the Goods must:-
 - (I). have been accepted and paid for by the Buyer and
 - (ii). be found upon examination by the Seller to be defective, owing to faulty materials or workmanship. The Seller accepts no responsibility for fair wear and tear, incorrect or defective storage, fitting, installation or use, unauthorised reconditioning or repair, accident, neglect or cause beyond the Seller's control.

Due to the personalised nature of our goods we are unable to offer a refund if the product is not to your liking or you have changed your mind. If you have made an error we cannot re-work the item or re-use it and therefore cannot offer a refund or credit.

If the item is defective or we have made an error we will gladly either refund or replace the item if time permits.

Interest on Late Payment

The Company shall be entitled to interest on any part of the Contract price not paid by its due date from the date of invoice until payment at the rate of 5 percent per annum above Bank of England's Base Rate prevailing from time to time during such period.

CONDITIONS OF SALE

Risk and Ownership

Delivery of the Goods shall be made to the Buyer at the place agreed between the parties and the risk in respect of all Goods shall pass to the Buyer at the time of delivery. If no place for delivery is agreed, delivery shall take place at the seller's works immediately prior to loading for despatch to the Buyer. Ownership of the Goods will not pass to the Buyer until they have been paid for in full.

Costs

The Customer hereby undertakes to pay to the Company (on the basis of a full indemnity) all costs, charges and expenses incurred by the Company in collecting or attempting to collect any indebtedness of the Customer to the Company.

Acceleration of Payments

If the customer is insolvent or shall fail to pay any amount upon its due date then the Customer will be deemed to have repudiated all contracts and all sums owing to the company on any account shall become due and payable forthwith without any requirement for any notice to be given.

Manufacturers Warranties or Guarantees

Industrial equipment is sold subject to the terms and conditions of sale imposed by the manufacturer particularly as regards any warranty or guarantee arrangements. This is of particular importance on imported goods. Industrial and commercial equipment may have a much shorter guarantee period or impose much stricter conditions than generally applied to consumer goods. Where the customer has entered into a guarantee arrangement with the manufacturer or importer, whether for extended guarantee or not, the Company will have no liability for the performance of that guarantee.

Ribbon colours can vary from batch to batch, this is a normal occurrence in the manufacturing process and we have no control over this and therefore cannot be held responsible for any colour variation. PLEASE NOTE: We cannot guarantee to match shades of ribbon / foil / ink unless it is ordered together in a specific batch.

Ribbon Widths: All of our ribbons carry a +/- 2mm tolerance on widths - this is due to the manufacturing process of woven ribbon. Cutting / Heat

Sealing: Our cutting / Heat Sealing process has a tolerance of +/- 10mm – This is due to the stretching properties of woven ribbons.

Printed ribbon has been developed for decorative purposes only and customers should satisfy themselves that the product is suitable for the application intended. As with most printed items, rough handling and excessive abrasion may lift the print in certain circumstances. Therefore care should be taken when handling.

The majority of printed ribbon is not washable.

Whilst the ribbon manufactures keep joins to a minimum, we cannot guarantee that a print run will be free of joins.

Consequential Loss

The Company shall not be under any liability whatsoever or howsoever arising from any loss of use or loss of profit, interruption of business or any other indirect, special or consequential losses of any type arising or alleged to have arisen out of any act or default of the Company in respect of its obligations hereunder.

b). The Company's aggregate liability to the Buyer hereunder or otherwise arising whether for negligence, breach of contract, misrepresentation or otherwise shall in no circumstances exceed the cost of the defective, damaged or undelivered Goods which give rise to such liability as determined by the net price invoiced to the customer in respect of any occurrence or series of occurrences.

Force Majeure

In the event of war, invasion, act of foreign enemy, hostilities (whether war has been declared or not) civil war, rebellion, revolution, insurrection or military or usurped power, the Seller shall be relieved of all liabilities incurred under the Contract wherever and to the extent of which the fulfilment of such obligation is affected, prevented, frustrated or impeded or delayed as a consequence of any such event or by statutes, rules, regulations, orders or requisitions issued by any Government Department, Council or other duly constituted Authority, including the imposition of restrictions or quotas or levies on the exportation or importation of the Goods or from strikes, lockouts, labour disputes, breakdown, natural catastrophe, fire or accident to the plant of the Seller, or a relevant supplier of the Seller, or any other cause (whether or not of a like nature) beyond the Seller's control.

Governing Law

The contract between the Seller and Buyer is governed by Scottish Law and the Buyer submits to the non-exclusive jurisdiction of the Scottish courts.
